

Take Learning to a New Level...

Take it Outdoors !

- Engage Students
- Stimulate Learning
- Cultivate Curiosity
- Promote Responsibility

Peace of Earth Environmental Learning Center offers experiential learning opportunities through outdoor education field trips (field labs). These programs are designed to increase awareness, appreciation, and knowledge in the natural world.

Our Goal: To help young people gain an understanding of the natural world through interactive educational opportunities in an “outdoor classroom.”

Our Objective: To create environmentally responsible citizens.

For more information about us go to www.peaceofearth.net

Program costs:

\$8 /student for half day programs (up to 3 hrs)

\$10/student for whole day programs (3+ hrs)

*** Maximum program length: 5 hrs

Out on the Prairie

Exciting Ecology

SURVIVOR: Predator/Prey

Seasonal Cycles

Simply Sense-ational

The Green Scene- All About Plants

Biodiversity 101

Earth Is Our Home

What's Up in Your Watershed?

If you don't see anything that will work for your class....call us and we will help you design a program to fit your needs.

Location: Your field trip program can be scheduled at Peace of Earth Environmental Learning Center (30 acre forest/prairie/creek property-8 miles NE of Rushville) **OR** at one of several different natural-area locations, depending on where your school is located. This will be determined by teacher preference, program choices, group size, etc. Some program sites may limit the study units you can choose, due to lack of various habitats or facilities available there. I am confident we can determine a location that will work perfectly with your preferred study unit and group size.
